

The Levtseniuks in Lviv, Ukraine

3rd Quarter Report, 2021

August-September

Hello, brothers and sisters of the BIEM mission! Grace to you, and peace, from our Lord Jesus Christ! We sincerely thank you for the prayerful and financial support!

During this time that is so difficult for all of us, the Lord is continuing His work here on Earth. Praise be to Him! Here is a little about the life of our church... The Lord has given our church young children. And we had an opportunity to bless them for the new school year. Thank You, Lord, that some of the children who were in our summer camp have begun attending church! Here in Lviv, it's difficult to work with people, because they consider themselves genuine Christians but regard us as a cult group. However, this has become a bit easier. Pray for us! We are exerting all our efforts to bring new people to Christ.

God is blessing our Bible study group. There are new people who have repented and desire to be baptized. Hallelujah! This is our goal. Please pray for Rostislav and for his wife and for their six kids. This family wishes to be baptized. The husband's father died after getting vaccinated. He had been on the Lviv city council. For Rostislav, losing his father was very hard. He gave up his role of city deputy, stopped being involved in dishonorable business, and wants to start living a new life, this time with Christ! This is indeed a victory. Praise God.

God gave us a chance to celebrate our oldest son's birthday. He helps us greatly in the ministry. Praise God for him. We have friends—a family with many children—and the father in this family helped us in the church reconstruction. In turn, we visit them at home and help however we can with construction of their home. They hope to move into it this year, since they and their 9 children live in a one-room apartment. We maintain friendly relations with them.

A little about our prayer for the church building... Praise God, we are finishing the repair of the ground floor of the church. They installed an underground waterline with special pipes. Praise God, our businessman neighbor helped with this. We insulated the entrance to the church.

Another blessing for our church was a baptism. God has blessed us with five more church members! Our Ivan, who also wanted to be baptized, died in the hospital. We helped him as we could. But the main thing is that he is with the Lord.

My relatives also came to be with us for the holiday. They joined the church for a dinner. Praise the Lord, we are continuing the work with children, teens, and youth. It was hard, because everything fell on the same day, Sunday. Please pray that the Lord will give strength for our young team. Pray, too, for my wife's health. We are continuing treatments and are praying because the doctor has said she needs an

operation. I believe that God is good and mighty. Please pray!

Once more, thank you for co-working with us and for the many prayers!

Always yours,

Yuri, Violetta, Aaron, Benjamin, Elizabeth, and Marta
